AHA-200 Pneumatic

The 200 series are wire shears with an extremely low weight, made for cutting wire, spring wire, mesh etc.

The 203 - 206 tools are pneumatic operated with a recommended pressure between 5 to 6 Bar (75-90 psi).

The 200 tools are very easy to handle and operated by a lever on the body, the lever can be rotated round the body.

The standard blade is made of high class forged steel and is available with carbide tip.
